## Are Two Concerns from Using Informa- tion Taken from the Western Union

**Telegraph Company's Tickers.**

Chicago, Ill., Oct. 28.--Judges Jenkins, Grosecup, Baker and Bunn, of the United States circuit court of appeals, this morning, handed down an opinion to the effect that the Western Union Telegraph company has a right of property in the news which it gathers and that such a right does not cease when the news is published on the tickers rented to its patrons. In laying down this new principle, the court of appeals affirms two decisions of the lower court and forever enjoins the National Telegraph News company, and the Illinois Commission Co. and other defendants from using quotations furnished the ticker patrons of the Western Union.

# OHIO FIELD HOLDING UP.

## No Great Decrease from Last Month is Expected by Operators.

### Wood County Comes to the Front With a Well Which Started Off at the Rate of 150 Barrels Per Day. Ohio Oil News.

The Buckeye field is holding to its record for activity and it is unlikely that any great decrease will be shown this month in comparison with the returns for September. There are several portions of the field where considerable new work is under way and taken as a whole gratifying progress is being made in development work. The past week has not revealed anything new and with the exception of the Ohio Oil company's extra large producer in Van Wert county has been noted for little out of the ordinary.

There is a pretty lively district in Marion township of Allen county where the Ohio has a good well in its No. 2 on the J. G. Brennan farm section 16 the first day's production having been 90 bbls. David D. Morris trustee has another good one in his No. 2 on the H. Good farm section 11 the production at the start being 75 bbls. Maize Bros. & Whipple got a 40-barrel well on the S. S. Strayer section 21 Amanda township and in section 18 of Marion, the Shawnee Oil Co. & Co. test on the A. M. Patrick farm was good for 40 bbls.

#### SMALL WELLS

But the Number Helps to Make a Good Total

Van Wert county's late completions have been small wells the best of a bunch of new ones being the Landick Oil company's No. 4 on the Henry Clark farm section 28 Park township which produced 35 bbls the first 24 hours. In the same section the East Ohio Oil company's No. 1 J. S. Jones started at 25 bbls.

In Jackson township Graham A. Warner completed their No. 6 on the James M. Hunter farm section 6 with an original output of 15 bbls.

The Ohio Oil company's No. 4 on the Thomas Pollock farm in section 35 of Ridge township proved to be a winner. In section 34 R. C. Gillespie has a gas well in his No. 3 on the E. Blawie farm.

In Union township of Mercer county, McMillen & Co. completed No. 1 on the L. W. Price farm section 13 with a 40-bbl producer as the result.

A number of wells have been completed in the Black Creek township district but they are small as a rule, the only one of more than ordinary capacity being the Sun Oil company's No. 6 on the R. L. Morrison farm in section 31 which produced 60 bbls the first day. In section 22, Jack McCray finished up his No. 1 on the Walter Morrison farm and has a very light well, getting only 3 bbls at the start.

The Ohio Oil company has four new ones in Black Creek township but all are in the hopelessly class. No. 5 on the S. S. Wick farm section 19 was a big kisser, being reported worth 1000 000 feet per day. No. 1 on the A. M. Foreman farm section 30 was light, doing 3 bbls of oil the first 24 hours. No. 7 G. W. Fisher

The new operations in Hancock county have not been productive of many large wells but the crop of fair ones is gratifying. In Union township D. W. Beatty has a 15-barrel well in his No. 5 J. A. Thompson section 36 and in section 35 the Detroit Oil company's No. 1 Edward Conwell was good for 16 bbls. Battles & Jones got 25 bbls production from their No. 5 Sarah Newcomer the first day. The Ohio Oil company has a good well in No. 6 on the Philip Schwann farm section 25 the first day a gauge showing an output of 60 bbls. This company's No. 6 H. F. Corby in section 24 was good for 20 bbls.

In Eagle township Price & Warr completed No. 1 on the N. Reed farm, section 25 and have a very light pumper the first day's output being only 5 bbls. The Adams & Sarber Oil company's No. 7 Mary Powell, in section 7 was a 20 bbl well.

J. W. Kirkbride encountered salt water at No. 4 on the Norris heirs farm in section 3 Marion township.

In Liberty township E. V. Wyss brode No. 12 for section 3 started at 45 bbls and Almy & Thomas' No. 19 M. J. Trout same section was good for 30. The Ohio Oil company

### Session Held by the Council.

### All Went Home

### With Clerk's Desk Clear at 9:30 O'clock.

### Sidewalk Building Still Commands Considerable Attention.

### Usual Number of Demands for Remittitures on Paving Assessments Received for Investigation.

For the first time in several weeks the city council held, last night, a session that was adjourned in time for the members to reach home before midnight. The business of the meeting consisted of the dry routine kind and their flights of oratory much was accomplished in about two hours' time. President Overly occupied the chair and all members were present, except Mr. Vorkamp and Mr. Sherman.

Building permits were granted A. T. Stewart and George Crawl. Petitions of T. J. Hanson and H. W. Creman relative to excessive assessments for the west Kibby street paving were referred to the city solicitor.

Claim of John E. Myers for damages done to alley by heavy hauling occasioned by the west Kibby street improvement was referred to the city solicitor.

A remittance was ordered in the case of an excessive assessment against property of Mrs. Hains on west High street.

The solicitor reported that protest of Mrs. Clara Brotherton against enforced construction of a sidewalk was justified and that the petitioner could not be required to pay for the walk.

Sidewalk committee was instructed to recommend a plan for relief from poor sidewalks without the city being required to pay for the new walks constructed.

Waver of William Baker to grant change of grade of west Wayne street was received and ordinance to change the grade was passed.

Protest of E. L. Dwyer against assessment for the grading of Summit street was referred back.

Clerk reported that no bids had been received for the grading of east Pearl street or east Market street.

Contractor M. Foley said the estimate was too low when the contractor has to discount his orders.

Engineer said he had originally recommended a grade under the O. S. railroad. This would furnish enough dirt but the property owners objected to it.

Clerk was instructed to readvertise for bids for the proposed east Pearl street grading.

Clerk's report of the location of the various voting places for the coming election was ordered published.

Report of the street commissioner of twenty street crossings that are in bad condition was received and the crossings were ordered constructed of brick, engineer to provide estimates.

The engineer recommended the acceptance of a number of new walks on St. Johns avenue, Second street and north Elizabeth street. The recommendation was adopted.

The bridge committee recommended the acceptance of the east North street bridge. The report was adopted.

The sewer committee reported in favor of constructing sewers in the following order: Grand avenue 370 feet south Scott 270 feet, Jameson avenue 130 feet, north Scott, Askins north Jackson, Prospect avenue west Elm and Haller street. The report was adopted, and the purchasing of pipe was ordered.

The street committee reported favoring grade for Ohio avenue, that Miller and Pennsylvania avenue grades be accepted. Adopted.

The unreliability of the Lima Gazette is again strikingly illustrated this morning in its article concerning Harvey Garber, in which the statement was made that that gentleman was in Lima yesterday, and became involved in an altercation with some people. The fact is, Harvey Garber was not near Lima yesterday, neither has he been here since the Tom L. Johnson meeting. Yet there is just as much credence to be placed in the untruth about Garber as in the paragraphs that appear in the same columns about any other Democratic candidate. In each instance the paragraphs are untrue and utterly without foundation in fact.

### THE "BOARD PLAN" IN OHIO CODE.

Intelligent comment on the details of the municipal code bill, which has been completed and will go before the Ohio legislature on Tuesday, is impossible until the full draft of the measure is published.

One feature of the bill, however, has been so clearly outlined as to justify the assertion that its adoption by the legislature will mean a back-ward step for the state of Ohio in the matter of municipal government. It appears that the Hanna plan for his lieutenants have fought hard, yet they have been defeated.

But in his forecasting Uncle Mark has failed to mention Cuyahoga county, where he lives. There has been a matter of municipal government. It is lively campaign there, and Mark and appears that the Hanna plan for his lieutenants have fought hard, yet they have been defeated.

It is significant, too, that the Hanna plan for his lieutenants have fought hard, yet they have been defeated.

small numbers and the columns of the paper prior to the election is to vote for the Democrats of Allen county well know that not one of the Hall-Ashton-Vortner-Gasette, combination would be able to carry a single day circumstances, and that there is no reason why they should be regarded the invitation put forth by these Republican bosses to help boost any of their associates into public position. There are no better men in Allen county than those whom the Democrats have placed in nomination this year, and they are entitled to and will receive the full party vote. The Democrats are not to be deluded by the vapors of the Hall-Ashton gang, who are endeavoring to use them to help build up the Republican machine.

AN IMPORTANT ELECTION.  
In view of the many important public questions now demanding attention from the people of this nation, a victory in Ohio means much for the great national struggle of 1904. The aggression of the trusts and combinations upon the rights of the common people is approaching a point which is causing thoughtful people in all sections of the union the greatest alarm, and a continuation of the present conditions can only result in serious if not disastrous ending to the best interests of the people.

The contest between great corporations and labor, just ended in Pennsylvania, is an evidence to which corporation power and greed may be carried. To be sure labor, to a certain extent triumphed, but peace was only brought about by the strong public sentiment of the people. Conditions were such that the people of the country were forced to recognize the justice of the anti-trust demands. There is no reason to doubt that other labor troubles will occur in the next few years, and a greater struggle between capital and labor will be the result. Why not minimize the coming contention by the election of men to law-making bodies who will enact laws curbing the power of these corporations? Never in the history of this country or any other, have such immense fortunes been accumulated as within the past few years. It is unreasonable to suppose the man or corporation which reaps the rewards of the present system of tariff taxation will willingly submit to a change, but the people must do so regardless of their alleged interests or claims. The ballot box is the place to correct public wrongs and the Democratic parties is the medium by which it can be accomplished. It behooves every Democrat to bestir himself. There is no reason why he should wait until some future election to do so. This year, 1902, is an excellent time to commence the patriotic work. Bad laws and mischievous legislation are the outcome of indifference on the part of the people at the polls. Every Democrat and lover of good government has a solemn duty to perform and it ought not to be necessary to admonish him to do it. Let the work begin Tuesday, Nov. 4, by casting an unsundered Democratic ticket.

There will be a meeting of Division No. 1 A. O. H. this evening at 7:30 o'clock, in the Duffield block. A full attendance is required.

Justice May be Housed in a New Temple.  
Putnam county will vote at the coming election to replace its insolvent, unsafe and very ancient court house with a new one of modern architecture. The question to be voted upon is whether or not a tax not exceeding two mills shall be levied to defray the cost. The new court house will be the voters' vote to build it, cost \$150,000. Any person who has ever visited Putnam county knows the need that wealthy county has for a new court house and it is the general opinion that the proposition to build will be supported by a large majority.

INVALID COACH IN THE STATE COMES TO THIS CITY.

This morning funeral director H. W. Bennett received the finest and most modern invalid coach or ambulance that has yet been manufactured for anyone in the state. The vehicle is magnificently finished and equipped and is perfectly constructed for the use to which it is to be devoted exclusively—the conveyance of invalids. Mr. Bennett will retain possession of the Grosjean ambulance and use that conveyance for such calls as will require an ambulance of that kind and the new vehicle will be found admirably equipped for the comfort of persons who are ill and are removed to or from the city hospital. The coach is equipped with electric lights and a basket couch, the latter being suspended on straps and springs that prevent patients from suffering any from the running of the vehicle over rough roads or streets.

Dr. A. L. Jones and R. D. MacDonald will spar a few rounds for points with the gloves and follow the setto with a match in which both are to be blindfolded.

The evening's entertainment will conclude with a basket ball game, the sides being chosen from members of the business men's club.

**TEXT BOOK.**

**In Mental Arithmetic Was Adopted.**

**But It Meets With Some Opposition.**

**Yankee Question Finally Settled by the Selection of O. R. Spurr, at East Building.**

Two important matters were transacted at the meeting of the board of education last night. The contention over the election of a janitor at the east building was brought to a close by the election of O. R. Spurr, who agrees to keep the building in good condition for \$350 a year, paying out of that amount for fuel assistance he will need.

The adoption of a text book on mental arithmetic was another matter which led to the only extended discussion during the evening. Dr. Bates opposed the idea of adopting a text book for this study, and he was supported by Mr. Spurr. The majority of the board, however, favored a text book, and of the eleven members present, 8 voted in favor of the committee's recommendation. During the argument, Supt. Miller made the statement that the book was not an absolute necessity, and its adoption meant the purchase by scholars of at least 1500 copies. But the attitude of Prof. Miller on the question did not bring over enough votes to defeat the measure, and Dubb's mental arithmetic was adopted. Prof. Miller stated that the book was the very best of its kind, and he was pleased to have it in the schools, his only reason for not insisting on its use being the cost it would put the pupils to.

The finance committee recommended the payment of the following bills: Teachers salaries \$481.50 Ohio National bank 25.00 Trust officers and janitors 62.00 F. E. Wood 345.00 Substitute janitor 50.00

Treasurer McCann stood to the board that the payment of the bills left a deficiency of \$100, and the board is now left to the extremity of borrowing until the auditor can make the next appropriation in January.

A petition asking for the paving of north McDonald street, which the board was asked to sign, was laid on the table until it might be presented, signed by the property holders.

**The Granting of a Parole to Mrs. Van Liew.**

A number of citizens of Van Wert county are, it is understood, making a strong recontenance against the proposed pardoning of Mrs. Emma Van Liew, who was sentenced to ten years' imprisonment for having thrown a brick in the eyes of Alice Hammell, who died from the effects.

The further punishment of Mrs. Van Liew, comments the Delphus Herald, will not help Miss Hammell, yet justice demands that no pardon be granted. The Van Wert public was averse to accepting a ten year sentence and certainly would be averse to a pardon in less than two years of punishment. It is believed that at 90 per cent, of Delphus people, who are familiar with the case are not in favor of a pardon.

# DEMOCRATIC MEETINGS

Indicate a Splendid Victory for the Ticket in Allen County.

Messrs. Klinger, Weadock and Brotherton Address a Meeting at Beaver Dam—Good Meeting in Amanda Township.

Last night prosecuting Attorney Wm. Klinger, attorneys James J. Weadock and C. J. Brotherton, county recorder P. T. McIl, the Democratic club and a number of friends drove to Beaver Dam, where, in the town hall, an enthusiastic Democratic meeting was held. Excellent addresses were delivered by Messrs. Klinger, Weadock and Brotherton, and a number of songs were rendered by the club. The attendance was unusually large and the good old Democratic enthusiasm was a predominant feature throughout the entire meeting. Fred W. Zeisler, member of the Democratic county central committee in Beaver Dam precinct, officiated as chairman of the meeting in a very able manner.

Another magnificent gathering of Democrats was held at the Antioch school house in Amanda township last night. The meeting place was crowded to its utmost capacity and a very attentive and enthusiastic audience was addressed by Judge A. D. Miller and Hon. Wm. Klinger. Both speakers made strong and convincing arguments in behalf of Democracy's cause and were frequently applauded by their auditors.

Hon. Chas. H. Adkins, who has been absent from the city for several weeks, on a business mission to southern Georgia and to John, Mo., returned home last night and will assist the candidates and the executive committee during the remainder of the campaign.

He is billed to speak in the township house in Perry township on the eve of election day.

Attorneys James J. Weadock and Ben F. Welty will go to Delphos this evening to assist Hon. S. G. Rogers of Akron in discussing the political issues at a big Democratic meeting that will be held in that place tonight. A number of local members of the party will go with them to attend the meeting, which will be held in the city hall.

Judge James P. Tarvin, of Kentucky, and Hon. John C. Welty, of Canton, will speak in the Antioch opera house in this city next Friday evening. The state committee made excellent selections in assigning these talented and distinguished orators to Lima. Mr. Welty is already very popular among Allen county Democrats and Judge Tarvin's reputation as both a jurist and a statesman has preceded him to Northwestern Ohio. No one should fail to take advantage of the opportunity to hear these excellent speakers at the Friday evening meeting.

There seems to be some misunderstanding among the members of the county central committee concerning the selection of a presiding judge for each voting precinct in the county. It should be remembered that the presiding judge in each precinct is chosen from the political party that received a majority of the votes of the precinct at the last previous regular election.

## DESPICABLE ATTACK ON HON. H. C. GARBER,

Unwarranted and Unfounded, Made by This Morning's Gazette.

In a frantic effort to serve his political masters, the editor of the Republican Gazette, in this morning's edition of his paper, made a most despicable, unwarranted, and unfounded attack on Hon. Harvey C. Garber, the Democratic nominee for congressman from this district. The article published is one in which the Gazette charges that Mr. Garber came to this city and was in conversation with P. J. Heffernan, and John Schick in the Metropolitan block when the latter framed involved in an altercation with Dr. J. J. Stueber, about 10 o'clock yesterday afternoon. The article intimates in the most malicious manner that Mr. Garber with a corrupt purpose in view, was a party to and the cause of the trouble.

The first lie to be noticed in the Gazette's article is the one which states that Mr. Garber left the headquarters of the state committee, of which he is chairman, and came to this city. The fact is that Harvey C. Garber has not been in Lima since he was here on the 23rd of last September in company with Mayor Johnson, of Cleveland.

The facts concerning the trouble at the Metropolitan block will be fully explained by reliable witnesses in mayor's court tomorrow morning at 10 o'clock. Dr. Stueber misunderstood a portion of the conversation between P. J. Heffernan and John Schick, concerning an angle of the latter, Henry Schick, and from this misunderstanding, the altercation resulted. Schick was arrested and charged with disorderly conduct. He deposited cash security for his appearance and this morning pleaded not guilty to the charge.

The unfair tactics of the Gazette will only aid in increasing the majority that Mr. Garber will receive through the Fourth congressional district next Tuesday.

And Wm. Clark Claims to Have Had an Interest That Was Never Paid.

Village of Cairo Is Still Tied up in the Courts, a new Claim Being Filed Yesterday Afternoon.

The evidence in the case of Wm. Clark and others vs. Charles S. King, and others, was submitted to the jury by three o'clock this afternoon, at which hour the argument began. The action is one in which Clark sues for an interest in a lottery ticket which drew \$3750, and it came into court in 1898, since which time it has twice been heard.

Foreclosure of Mortgage. Fred F. Oen, who holds three promissory notes for \$432.23 each against Marion Provo, has brought an action for the foreclosure of the mortgage given as security. The property consists of 40 acres of land in Ball township.

Adjudged Insane. Judge Miller found Kate Greenwood insane, but owing to her advanced age, she could not be received at the Toledo asylum, and was sent to the Barbours sanitarium near Detroit.

Pleads Not Guilty. To the charge of murder in the second degree, John O'Brien, better known as "Red" entered a plea of "not guilty" yesterday when arraigned before Judge Cunningham, and his case was set for trial December second, being the last on the criminal docket for the term. Morter, Mackenzie & Weadock will defend the prisoner.

Could Not Agree. The Ginery damage suit against the Hildebrand paper company, of Delphos, fell into the hands of a jury that could not agree and at nine o'clock last night the court concluded that a longer session would not bring about a result other than disagreement.

All day yesterday except during the meal hours, the jury wrestled with the points at issue, but without avail. The case was tried once before and a verdict was rendered in favor of the plaintiff, which the court set aside, thus making a second trial necessary. Injunction Suit.

Howard Long vs. S. W. and Flora Downing, is the title of an injunction suit filed yesterday, the parties residing at Lafayette. Plaintiff claims to have taken a lease on a livery barn for which he was to pay \$7 per month, the lease being for one year with the privilege of five more. The lease, it appears, will not stand a legal test and the plaintiff wants the defendant enjoined from transferring the lease to others as is now threatened.

The Streets of Cairo. The enmity arising among factions at West Cairo bids fair to keep the municipal affairs of the village in court for an indefinite period. A. I. Ferguson, whose property is being condemned for the purpose of building an alley, has his hatchet out and seeks to prevent the mayor and council of the village from building the town hall for which the foundation has long been laid.

In two injunction suits filed yesterday by D. C. Henderson, Ferguson asks that the mayor and treasurer be enjoined from paying to Joseph Richards \$250 for furnishing material and constructing the foundation and to W. J. Garner the sum of \$1500 for building the first story. A temporary injunction was granted, which will prevent a further move toward building the hall until the case is heard on its merits.

Final Report. James J. Weadock, assessor of Geo. T. Henson, filed his final account in probate court today, showing a distribution of \$2683.47 to the creditors. The estate paid about 23 cents on the dollar.

Marriage Licenses. Albert W. Block, 24, telegraph operator and Jennie May Margaret, 24 both of Lima.

Real Estate Transfers. Morrison Palmer to James D. Palmer, 40 acres in Ball township, \$2200. Robert M. Fair to Wm. M. Higley, 34 acres in Cairo township, \$1200. David W. Steiner to George S. Steiner, 1222, Emanuel, Cairo, \$1750.

George How, a noted prisoner, in the Ohio penitentiary, is dead. He was under a ten years' sentence for forging an order for 25 cents worth of tobacco. But his experience after his arrest for the "terrible crime," is what caused his notoriety.

He was sent up from Adams county and was the first prisoner to be incarcerated in the new jail in that county.

A hundred dollars reward had been offered by the commissioners of the county to any prisoner who could escape from the new jail. How was a prisoner in the jail just twenty-four hours when he accomplished the feat. He was pursued by the sheriff and a posse, together with a couple of bloodhounds. The fleeing prisoner was overtaken by the bloodhounds, but he made friends of them and sold them to a farmer. Next he stole and sold the laprobe and cushions from the sheriff's buggy, while that officer was hunting for him in another direction. How was finally captured in Michigan, and when brought back to Ohio, claimed the \$100 offered for escaping from the new jail. He brought suit to recover the amount but was beaten.

The officials of the county were so incensed at his boldness and impudence that How was given the big best penalty under the statute.

The Special School Laws of the State  
are Unconstitutional.

More Blundering Done by the Legislature of  
Ohio Which Will Involve the Tax Payers  
in no End of Trouble.

Columbus, O., Oct. 29.—Mr. Wade Ellis George Cox's legal representative, and one of the authors of the new municipal code, is out in an interview in which he outlines a large amount of work for the legislature to do in the way of legislation on municipal affairs, at some future session.

Mr. Ellis holds, and the Supreme Court yesterday confirmed his opinion that all the special school laws of the state are unconstitutional.

He also says that the laws creating boards of tax equalization for cities are unconstitutional, and that the same defect exists in the act creating boards of election for cities. The acts fixing the salaries of common pleas and circuit judges are also invalid.

Attorney General Sheets agrees with Mr. Ellis that all special acts on the statute book are unconstitutional. He expresses himself as opposed to the appointment of city election boards by the mayor and favors the plan under which the secretary of state appoints such boards on recommendation of the committees of the two leading parties.

Smith W. Bennett, of the attorney general's office, who helped draft the code, says that Mr. Ellis' conclusions are correct, and that there is no doubt that there is a great deal of special legislation relating to municipalities on the statute books. Mr. Bennett says that in drafting the code they recognize the unconstitutionality of the measures referred to by Mr. Ellis, but felt that there was no pressing need of any immediate action inasmuch as the Supreme court at that time had not directly held any of the acts in question unconstitutional.

Since the code was passed, the creation of special school districts has been held by the supreme court, in the case of the attorney general against Speelman, to be unconstitutional.

## TWO BOUTS TONIGHT IN THE ROPED ARENA.

Erne and Sieloff in Detroit, Handler  
and Walcott in Boston.

Detroit, Mich., Oct. 29.—Patrons of the Century Athletic club are looking forward to a pugilistic treat tonight. Ernest Sieloff, the Chicago light weight, and Frank Erne come to fight in the club arena for a fifteen round bout. The men will meet at 8 o'clock for a purse of \$1,000. Erne is the favorite in what betting has been done on the result. While Sieloff has been fighting well during the last eight months, and besides has improved in his fighting the close followers of the game are unanimous in the opinion that he is not fast enough for the shifty Buffalo fighter.

Boston, Mass., Oct. 29.—Joe Hand, the Newark lightweight, and Bel and Walcott of this city are in readiness for their fifteen round bout, which is slated as the wind-up of the boxing show to be given tonight at the Criterion Athletic club. Walcott has been doing nearly all the good men in Boston and his admirers express confidence in his ability to give them a hard run for the big end of the money.

In accordance with the wish of the visitors, they will participate in no function of a public character.

the Conditions Under Which  
the Miners of This State  
Labor.

Columbus, O., Oct. 29.—(Special)—President Mitchell, of the United Mine Workers of America, intends to cite to the commission appointed by President Roosevelt, Ohio prices and conditions as a criterion of that which are fair and equitable from the standpoint of the miner. Secretary Savage, of the state headquarters here has been busy for several days arranging a schedule of the wages paid the various persons employed about the mines of Ohio, and the conditions under which the men labor. The table was completed Monday, and after being signed by President Haskins and secretary Savage, was forwarded to President Mitchell.

## OHIO STATT HOUSE IN NEED OF REPAIRS.

Narrow Escapes of Last Week Have  
Started Officials to Act.

Columbus, Oct. 29.—The state capitol building is crumbling from sheer decay of its foundation stones. A meeting of the state emergency board will probably be called by Governor Nash within a few days to vote enough money to do enough patching to last until the next meeting of the legislature, which will be asked to appropriate many thousand dollars for needed repairs. The fall last week, of a part of the massive stone bracket supporting the balcony over the west stairs leading up from the rotunda, caused superintendent Shyron, governor Nash and auditor of state Gullbert to start on their tour of inspection of the building.

## NEW INQUIRY IN TALBOT CASE

Was Opened by a Body of His Peers  
in Harrisburg Today.

Harrisburg, Pa., Oct. 29.—A new chapter in the Bishop Talbot case was begun today, when, in response to the summons of the presiding bishop, Rev. Thomas M. Clark, D. D., of Rhode Island, a board of inquiry met in Harrisburg today, to consider the appeal of the presenters in the matter of the charges against Bishop Talbot, growing out of the unfrocking of the Rev. I. W. Irvine, D. D. The appeal has been taken by the

healthy male child. Both the mother and the infant are getting along nicely. This operation makes the seventh successfully performed by Dr. Baldwin, and of this number, five were performed by him at the Grant hospital. The success which has attended Dr. Baldwin in these delicate operations, has been the marvel in medical circles. Hapless Corpus Proceeding for Prison.

Attorney James Allen, of this city, has brought habeas corpus proceedings for Charles C. Clayton, which tests one of the phases of the Ohio reformatory law. Clayton was sentenced to the reformatory from Marietta for burglary in 1900. After being at the reformatory for about three months, the directors of that institution discovered that he had been in the penitentiary. The reformatory law prohibits the sending of any one to the reformatory who has been in the penitentiary. Therefore the directors ordered this man transferred to the penitentiary under a section of the reformatory law which provides for this upon the discovery that a prisoner is either above 30 years of age or has been in the penitentiary. Clayton has been in the penitentiary since 1900, and the habeas corpus proceedings seek to liberate him on the ground that that feature of the reformatory law which authorizes the directors to order a transfer is unconstitutional. The case will be watched with interest by the court and prison officials.

Taken to California for Trial.

Gov. Nash has honored a requisition from Gov. Gage, of California, for John Doe Clise, who is now under arrest at Toledo and is wanted in California for grand larceny. He is said to have stolen \$1,100 from Mary Simpson, in San Francisco, September 18, 1902.

President of a Mining Company in Trouble.

Governor Nash decided yesterday to send J. M. Evans, of Youngstown, the president of the Keystone Mining Co., back to Pittsburg for trial on the charge of obtaining money under false pretenses. He was asked for also on larceny charges, but that was refuted by the governor. The directors of the company claim that Evans appropriated to his own use \$45,000 of stock and \$1,000 in cash.

# BUT LITTLE ATTENTION

Paid by the People of Ohio to Election  
Matters This Fall.

Both Chairmen of State Committees Concede  
That the Vote to be Cast Next Tuesday  
Will be Very Light.

Columbus, O., Oct. 29.—(Special)—General Dick, as chairman of the Republican State committee, will issue his anti-election statement next Saturday, making a prediction as to the outcome of the election in Ohio, both on the state ticket and in congressional districts.

Chairman Garber, of the Democratic executive committee will also issue predictions, but whether he will make his prediction public on Saturday or Sunday morning has not been decided.

Reports received at both the Republican and Democratic headquarters show that the people of the state are taking very little interest in the pending campaign. General Dick regards this as a good omen for Republican success. He reasons that if there was any commotion it would be against the party in power. Gov. Nash predicts that the vote will be a light one, lighter than last fall, when the total vote polled was \$40,000. Neither Gov. Nash or General Dick for the Republicans, or Chairman Garber for the Democrats will approximate the vote that will be cast.

## KING EDWARD SENT A SECRET MESSAGE.

New York, Oct. 29.—King Edward has sent an important message to this country and he did not trust it to the mails. Whether the document is addressed to President Roosevelt or to the British Embassy is not known.

The King's messenger was compelled to reveal his identity to the custom house officers, yesterday, when he arrived on one Kaiser Wilhelm Der Grosse. The messenger is Oliver A. Barthwick, son of Lord Cleresk, proprietor of the London Morning Post.

## SAFE BLOWN, \$4000 TAKEN.

Nervy Gang of Five Masked Thieves  
Make a Good Sized Haul.

Gardner, Ill., Oct. 29.—With the town marshal as an unwilling witness, five masked men this morning, blew the safe in the Exchange bank here and robbed it of \$4,000. The robbers made their escape on a passenger train bound for Chicago. It was shortly after 2 o'clock, when five strangers each carrying Winchester, came upon the marshal, who was standing a few feet from the bank entrance. One of the men thrust his rifle against the officer's head and ordered him, on pain of instant death, to remain quiet and accompany the party. He did.

## THE GOODNESS OF HENRY PROBASCO

Will Not Soon be Forgotten by the

Cincinnati, Oct. 29.—The funeral of the late Henry Probasco, who died Sunday, was held this morning from the Calvary Episcopal church in Clifton. Henry Probasco was at one time one of the wealthiest men in Cincinnati and a public benefactor, but he suffered financial reverses several years ago. The board of public service has draped the Probasco fountain in mourning for thirty days. It was donated to the city by Mr. Probasco. It is one of the finest works of art of its kind in the world.

## THE NEW TARIFF IS SOMEWHAT HIGHER.

Chinese Advalorem Duties Will be Sub-  
stituted for Specific.

Washington, Oct. 29.—Friday, day after tomorrow, will be the first day of the tenth Chinese moon. It will be the date of special importance because of the new Chinese customs tariff, which has been agreed upon by the special commissioners of the United States, Great Britain, Germany and Japan, in consultation with the Chinese officials. It will then go into effect. The new tariff substitutes specific for advalorem duties on imports. It is higher than the old tariff. Books, charts, maps, newspapers and periodicals are to be admitted free and so are all cereals and flour and materials for railways which opens up a wide market for American products. Imports of arms, ammunition, and munitions of war of every description are prohibited except on requisition of the Chinese government.

# DEMOCRATIC MEETINGS

## Indicate a Splendid Victory for the Ticket in Allen County.

Messrs. Klinger, Weadock and Brotherton Address a Meeting at Beaver Dam—Good Meeting in Amanda Township.

Last night prosecuting Attorney Wm. Klinger, attorneys James J. Weadock and C. J. Brotherton, county Recorder P. T. McEl, the Democratic club and a number of friends drove to Beaver Dam, where, in the town hall, an enthusiastic Democratic meeting was held. Excellent addresses were delivered by Messrs. Klinger, Weadock and Brotherton, and a number of songs were rendered by the club. The attendance was unusually large and the good old Democratic enthusiasm was a predominant feature throughout the entire meeting. Fred W. Zeltz, member of the Democratic county central committee in Beaver Dam precinct, officiated as chairman of the meeting in a very able manner.

Another magnificent gathering of Democrats was held at the Antioch school house in Amanda township last night. The meeting place was crowded to its utmost capacity and a very attentive and enthusiastic audience was addressed by Judge A. B. Miller and Hon. Wm. Brotherton. Both speakers made strong and convincing arguments in behalf of Democracy's cause and were frequently applauded by their auditors.

Hon. Chas. H. Adkins, who has been absent from the city for several weeks on a business mission to southern Georgia and to Joliet, Mo., returned home last night and will assist the candidates and the executive committee during the remainder of the campaign.

## DESPICABLE ATTACK ON HON. H. C. GARBER, Unwarranted and Unfounded, Made by This Morning's Gazette.

In a frantic effort to serve his political masters, the editor of the Republican Gazette, in this morning's edition of his paper, made a most despicable, unwarranted and unfounded attack on Hon. Harvey C. Garber, the Democratic nominee for congressman from this district. The article published is one in which the Gazette charges that Mr. Garber came to this city and was in conversation with P. J. Heffernan and John Schick in the Metropolitan block when the latter became involved in an altercation with Dr. J. J. Stecher, about 11 o'clock yesterday afternoon. The article continues in the most malicious manner that Mr. Garber, with a corrupt purpose in view, was a party to and the cause of the trouble.

The first lie to be uttered in the Gazette's article is the one which states that Mr. Garber left the headquarters of the state committee of which he is chairman, and came to this city. The fact is that Harvey C. Garber has not been in Lima since he was here on the 23rd of last September in company with Mayor Johnson, of Cleveland.

And Wm. Clark (Claims to Have Had an Interest That Was Never Paid.

Village of Cairo is Still Tied up in the Courts, a new Claim Being Filed Yesterday Afternoon.

The evidence in the case of Wm. Clark and others vs. Charles S. King, and others was submitted to the jury by three o'clock this afternoon, at which hour the argument began. The action is one in which Clark sues for an interest in a lottery ticket which drew \$3750, and it came into court in 1898, since which time it has twice been heard.

**Foreclosure of Mortgage.**  
Fred P. Oen, who holds three promissory notes for \$433.33 each against Marion Provost, has brought an action for the foreclosure of the mortgage given as security. The property consists of 40 acres of land in Badin township.

**Adjudged Insane.**  
Judge Miller found Kate Greenwood insane, but owing to her advanced age, she could not be received at the Toledo asylum, and was sent to the Barbours sanitarium near Detroit.

**Pleads Not Guilty.**  
To the charge of murder in the second degree, John O'Brien, better known as "Red," entered a plea of "not guilty" yesterday when arraigned before Judge Cunningham, and his case was set for trial December 12, being the last on the criminal docket for the term. Motter, Mackenzie & Weadock will defend the prisoner.

**Couldn't Agree.**  
The Gingersham damage suit against the Hildebrand paper company, of Delphos, fell into the hands of a jury that could not agree and at nine o'clock last night the court concluded that a longer session would not bring about a result other than disagreement.

All day yesterday except during the meal hours, the jury wrestled with the points at issue, but without avail. The case was tried once before and a verdict was rendered in favor of the plaintiff, which the court set aside, thus making a second trial necessary.

**Injunction Suit.**  
Howard Long vs. B. W. and Flora Downing, in the style of an injunction suit, filed yesterday, the parties residing at Lafayette. Plaintiff claims to have taken a lease on a livery barn for which he was to pay \$7 per month, the lease being for one year with the privilege of five more. The lease, it appears, will not stand a legal test and the plaintiff wants the defendant enjoined from transferring the lease to others as is now threatened.

**The Streets of Cairo.**  
The enemy arising among factions at West Cairo bids fair to keep the municipal affairs of the village in court for an indefinite period. A. I. Ferguson, whose property is being condemned for the purpose of building an alley, has his hatchet out and seeks to prevent the mayor and council of the village from building the town hall for which the foundation has long been laid.

In two injunction suits filed yesterday by D. C. Henderson, Ferguson asks that the mayor and treasurer be enjoined from paying to Joseph Richards \$250 for furnishing material and constructing the foundation and to W. J. Garner the sum of \$1500 for building the first story. A temporary injunction was granted, which will prevent a further move toward building the hall until the case is heard on its merits.

**Final Report.**  
James J. Weadock, assistant of Geo. T. Hamilton, filed his final account in probate court today, showing a distribution of \$2063.47 to the creditors. The estate paid about 20 cents on the dollar.

## NOTED

Prisoner Dies at the Ohio Penitentiary.

Geo. How, a Celebrated Case from Adams County Didn't Outlive His Term.

George How, a noted prisoner, in the Ohio penitentiary, is dead. He was under a ten years' sentence for forging an order for 25 cents' worth of tobacco. But his experience after his arrest for the "terrible crime," is what caused his notoriety.

He was sent up from Adams county and was the first prisoner to be incarcerated in the new jail in that county. A hundred dollars reward had been offered by the commissioners of the county to any prisoner who could escape from the new jail. How was a prisoner in the jail just twenty-four hours when he accomplished his feat. He was pursued by the sheriff and a posse, together with a couple of bloodhounds. The fleeing prisoner was overtaken by the bloodhounds, but he made friends of them and sold them to a farmer. Next he stole and sold the laprobe and cushions from the sheriff's buggy, while that officer was hunting for him in another direction. How was finally captured in Michigan, and when brought back to Ohio, claimed the \$100 offered for escaping from the new jail. He brought suit to recover the amount but was beaten. The officials of the county were so incensed at his boldness and impudence that How was given the big best penalty under the statute.
